Bed Stick Support Pole**

The Bedside Support Pole assists the user into a seating position, providing support and stability. It assists individuals with repositioning or transferring in and out of bed.

Fits securely under the mattress and can fit on either side of the bed.

Key Features

- Fits securely under the mattress on either side of the bed. Can be used on hospital and conventional beds.
- Easy-to-grip return handle.
- Made from durable steel with a powder white coating.
