The Dual Motor Recliner Electric Lift Chair Petite – For Comfort, Support, and Independence

The Recliner Electric Lift Chair is crafted to bring comfort, support, and ease of

movement. Whether you're recovering from an injury, managing mobility challenges, or simply seeking greater relaxation, this chair is designed to provide a gentle and dignified experience every time you sit or stand. The chair can rise and tilt to assist users in standing. This is a petite model for users with smaller body types.

The Petite Recliner is available in two stylish colours—Graphite (grey) and Mushroom (beige)—to blend seamlessly with your home décor.

Upholstered in luxurious Microfiber fabric and featuring a memory foam seat cushion that distributes pressure for extended periods, the Recliner not only looks elegant but also delivers exceptional comfort and pressure relief, helping to ease aches, reduce fatigue, and promote overall well-being.

Luxurious comfort

Comes with a three-tier waterfall back design offers additional comfort and support that offers an excellent snooze position for supreme comfort and relaxation. The dual motor-design allow the leg rest to be elevated/lowered and the backrest to be reclined independently providing flexible support options, with the backrest can be positioned upright while the leg rest is elevated, ideal for watching TV. The motors are quiet that ensure smooth and discreet operation.

Tailored Support for Every Need

The dual motor mechanism allows the leg rest and backrest to move independently, offering an infinite range of positions to help with:

- Pressure relief for those who sit for extended periods
- Improved posture and spinal alignment
- Comfort and fatigue management to reduce strain on muscles and joints
- Postural control and stability, providing extra confidence in movement

For individuals with restricted mobility or those recovering from an acute episode, the Recliner helps you stand up and sit down with ease, reducing strain and enhancing independence.

Key features

- Memory foam seat upholstery adds extra comfort and helps distribute pressure for extended periods.
- Ergonomically contoured seat and back with

padded upholstery for enhanced comfort and support. - Two convenient side pockets for easy storage. - Safety key integrated into the hand controller prevents accidental movement and entrapment. - In-built fail-safe battery backup system enables the chair to be raised and lowered during a power failure*. - Operated by a simple four-button handset. - Ideal for individuals with restricted mobility, such as those with MS, Arthritis, Rheumatism, or circulation problems. - Available in colour options: Mushroom and Graphite Grey. - Maximum weight capacity of 150kg (23st/330lb).
