

FOAM MATTRESS

Price: \$20.00 per week

Product Code: MPT FM4

Call us at 1300 85 45 15 to order

The Single Layer foam pressure surface is an economical, low risk surface that is constructed from longwearing medium density foam designed to conform to the body's shape and is covered by an inner cotton cover for added protection.

The Polyurethane top cover features a multi-stretch material for reduced shear and friction on the skin. The mattress has a waterfall skirt to provide protection from moisture ingress, seams are stitched for strength, then welded or tape sealed for maximum infection control. A PVC slip-resistant base helps maintain product

position on bed. The cover is also pre treated for protection against dust mites, mould, mildew and bacteria.

Care Solution: Ideal for users at a low risk of pressure injury.

Overall Height: 12.5cm
