

## Gutter Frame-Non Folding with Front Wheels

Price: \$340.00

**Product Code:** M GFNF1

Call us at 1300 85 45 15 to order

The Non-Folding Gutter Frame is designed for indoor mobility training and rehabilitation, allowing users to weight bear through their forearms. It features adjustable hand grips for a customized fit, swivel wheels for smooth maneuvering, and a wider rear opening for added space, ensuring comfort and support during walking exercises.

PRODUCT CODE: WA-GF

**Available in a folding gutter frame: CODE WM GFF1**

Care Solution: Perfect for patients needing to weight bear through their forearms while walking, providing essential support and stability.

Note: Not designed to help users stand from a seated position
