Discover the perfect balance of comfort and support with the iCare IC20 Firm Mattress—a popular choice for many seeking a medium firm feel that's soft yet incredibly supportive.

Here's how the IC20 works to prioritize your pressure care: this innovative mattress

is both heat- and pressure-sensitive. As it detects warmth from developing pressure points—often the areas that get hot and uncomfortable—it gently softens, easing pressure and restoring proper blood flow. The result? Enhanced comfort and care where you need it most.

Now thoughtfully designed with firm edge support rails for added stability and peace of mind, so you can rest easy every night.

If you are looking to purchase or hire IC20 Medium Firm Mattress in Melbourne, CarePlus Living Solutions can help.
