Transform your space with the iCare IC333 Premium Homecare Hospital Bed – a perfect blend of comfort, durability, and functionality. Say goodbye to the clinical

feel of hospital furniture and hello to a bed designed with care in mind.

Note that this listing only has the bed base and frame and does not include a mattress.

With powerful dual lift motors delivering an impressive 12,000 newtons of lifting power, unlimited under-bed clearance, and eight heavy-duty casters for easy mobility, this four-function bed is here to support you every step of the way.

- Durable hard-wearing commercial grade fabric. Vinyl upholstery treated with antibacterial properties.
  - Actuators: 1x 6000 newton/24 watt head adjust actuator, 1x 6000 newton/24 watt knee adjust actuator, 2x 6000 newton/24 watt height adjust actuators (2x 8000 newton on Double and Queen sizes) - No pull motors for added safety.
  - Head lift angle 62° and knee break angle 42°.
  - Max height 66cm, Min height 22cm - measured from floor to top of mattress platform.
- ### Choice of Fabrics

Transform your bedroom into a cozy, stylish retreat with fabric options tailored to your space—no more clinical vibes! Choose from elegant shades like Silver, Stone, Smoke, and Onyx, or opt for practical, wipeable vinyl in sophisticated Dove and Ebony hues.

## Pressure Care

Begin by ensuring the patient is in a comfortable and supported position. Without causing any unnecessary movement, gently adjust the bed in small increments over time using the Trendelenburg and Anti-Trendelenburg functions. These gradual shifts help relieve pressure on sensitive areas, reducing the risk of pressure injuries and promoting better comfort and care.

## Side Safety & Grab Rail Positioning

Select the side rail that best suits your needs and place it wherever it's most helpful. With versatile lateral positioning, the rails can be securely placed along the entire length of the hospital bed, offering you flexibility and freedom to adjust to your preference, rather than being limited to a fixed position.
